

Publisher ARC Request Contacts

A working reference for requesting advance copies from US publishers and their imprints

Heads up: this list is community-sourced, not compiled or verified by DetailedByDenise, and shared as a starting point only. Publisher contacts, forms, and submission policies change often. Always confirm the current address or form on the publisher's official website before reaching out, and follow each publisher's stated preferences (some now require a form instead of email). Shared free by DetailedByDenise for the book community.
